

SE8EO – COMMITMENT TO PROFESSIONAL DEVELOPMENT

Provide graphed data (displayed as a percentage) of baseline data, plus two years of data, demonstrating the organization progressing toward (or maintaining) $\geq 80\%$ of professional registered nurses who have earned a baccalaureate or higher degree in nursing.

In the beginning of 2022, a goal was set at NewYork-Presbyterian/Columbia University Irving Medical Center (NYP/Columbia) to maintain the percentage of the total number of professional RNs in the organization who have earned a baccalaureate or higher degree in nursing greater than or equal to 80 percent in 2022 and 2023 (baseline in 2021 was 96 percent). The graph below represents achievement of the maintenance goal.
